best yacht training in Asia

Your IYT Courses - Joining Instructions

Thank you for joining our course. We start the our first day of the IYT Training at our water activity base at Ao Yon Bay at 0900 or at our Shorebased training Centre at Ban Prangthong. We will inform you which site to attend. We shall be serving coffee / tea then.

The first session is from 0915 -1145 and you will be given some safety information and are then taken to the boats or if you are doing advanced courses you will start the theory sessions with your instructor.

Directions to our bases:

Sail in Asia Sea School's bases are marked on the map. The red stars indicate the location of our Ban Prangthong Shorebase and Ao Yon Sea Base (big red star).

To locate the Ao Yon sea base, we suggest you use google maps to find Cape Panwa and then to locate Boeray Khaokad Rd. Ao Yon Village is where you should aim for to get to the sea base.

Our Ao Yon Sea base is marked on the map opposite. Please park your car on the roadside and do not drive down the hill with cars or motorcycles as there is no parking below.

The Sail in Asia sign is obvious from the road. Please walk down to our Water Activity Centre. Khun Jum my General Manager will meet you there as will your instructor.

We have a purpose built office and teaching centre at Ao Yon which is where all our practical activity and training occurs. It has a lecture room and changing facilities as well as toilets and showers. The facility is just off the berach where our fleet of training boats are moored.

The Shorebased centre at Ban Prangthong is located in a splendid villa estate just off Kwang Rd. The Thai Balinese pool villa is our teaching and accommodation centre for students. Again Google maps are a useful means of viewing the location. The accommodation is luxurious and we recommend students consider staying with us here, or at our Ao Yon beach apartment. See the website for further details.

www.sailinasiatraining.com/accommodation.htm

You will need to bring the following:

A change of clothing for practical activity, towel and appropriate clothing. If you come in the green season it is recommended that you bring a light waterproof such as a kagoul. You will always need sunscreen lotion and sunglasses.

You will probably need to organise a packed lunch or have some money for lunch and beverages at local restaurants.

You will need a file, pens, some A4. You will be given course handouts for elements of the course.

We look forward to working with you and delivering a high quality and enjoyable course with Sail in Asia.

My mobile number is +66 (0)872810458 (Mike)

The General Manager's (Khun Jum) mobile, is +66 (0)819702580. Please call us when you arrive in Phuket or on the day before your course begins.
